

Student Welfare

Policy

The college desires every interaction with students to lead to a positive outcome. The purpose of the student welfare policy is to acknowledge that student welfare is directly linked to student learning and to outline the strategies that the school has put in place.

Whole-School Commitment to Welfare

1. In conjunction with the [Bullying and Harassment Policy](#), students are encouraged to support each other and not to make insensitive remarks on student body image or student intellectual capacity.
2. School staff will incorporate an adapted version of the RUOkay program suitable for primary children into school assembly.

Community Awareness of Student Health & Wellbeing

1. The school newsletter is to publish articles that encourage a balanced diet for students.
2. The school newsletter is to publish articles that encourage students to live an active lifestyle with exercise.
